## RAILROADS LOOKING UP. AGREEMENT REPUDIATED

Former President Ingalls of the Big Four Road

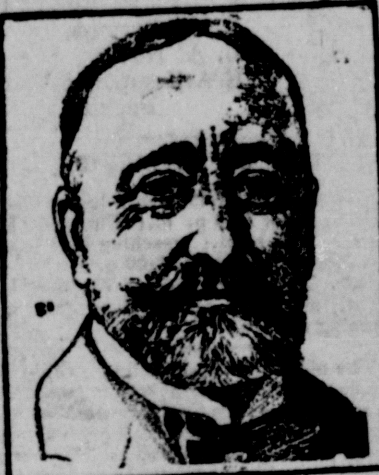

### PLEASED WITH PROSPECTS

Railroaders for a while were afraid Chief Magistrate was going to confiscate or swallow properties, but now more hopeful.

Chicago, June 22.—"What do I think of the railroad situation?" demanded M. E. Ingalls, former president of the Big Four, repeating the question. "The railroads are looking up. The reason is that the railroad people have finally gotten so they can wake up in the morning and think of President Roosevelt without having nervous dyspepsia or stage fright and that helps a good deal."

Mr. Ingalls is spending a few days with his son, George Ingalls, general freight traffic manager of the New York Central lines west of Buffalo. He visited many railroad officials and discussed with them the general situation.

"It was this way," continued Mr. Ingalls. "For some time the railroad men were afraid the president was going to swallow the railroads or con-

MELVILLE E. INGALLS.

fiscate them. Now they are beginning to find that it is not quite so bad as this, and a more healthy condition is the result.

"What do you think of the president's plan for the regulation of railroads as outlined in his recent speech at Indianapolis?"

"How can we judge it? He talked both ways. Evidently when he thought of Harriman he let a little vitriol flow out of his pen, and when he forgot him his disposition toward the railroads grew real sweet. So you see, you can take that speech both ways if you are a railroad man, but one thing is evident, and that is that the railroads have got to obey the law. And this will be good for them."

"Do you see any hard times headed this way?" he was asked.

"Can't say that I do, but there will be a general slackening up of business everywhere. This will not hurt the railroads, however, as they have got more than they can take care of now."

#### VETOED IN JAIL.

Mayor Schmitz. Returns to Board Municipal Budget and Message.

San Francisco, June 22.—From the executive cell in the county jail, Mayor Schmitz returned to the board of supervisors the municipal budget and a message vetoing the appropriation of \$750,000 for the reconstruction of Geary Street railway. Mayor Schmitz, besides opposing the appropriation for the Geary Street railway, also objected to the levy of a special tax of 20 cents to raise revenue for the city government. Acting Mayor Gallagher said Schmitz' right to pass on the budget was not questioned by the board.

The first actual clash between Chief Police Dinan and Acting Mayor Gallagher came when Dinan flatfootedly refused to recognize Gallagher's signature as that of mayor of San Francisco. Gallagher's signature was on flight permit, and before Dinan would allow the doors to open to the crowd the promoters of it had to bring to him a permit signed by Eugene E. Schmitz.

#### LAST LINK OPENED.

New Line Connects Heart of London With Northern Suburbs.

London, June 22.—The last link of the late Charles T. Yerkes' tube system of underground railroad has been opened here. The new line, which connects the northern suburbs with the heart of London is eight miles long. It cost \$25,000,000. A party of financiers and officials attended the opening ceremonies, which were followed by an elaborate luncheon.

#### Sixty Per Cent Duty.

El Paso, June 22.—That Mexican drawn work lace is subject to a 60 per cent duty and is not a woven fabric dutiable at 35 per cent is the decision rendered by United States District Judge Maxey. While the case decided involved only \$20, the decision is far-reaching. In that all drawnwork imported under the woven fabric classification must pay the difference.

### THE INTERNATIONAL ASSOCIATION OF PRINTING PRESSMEN

#### HAVE REFUSED TO ABIDE

By the Five-Year Nine-Hour Agreement Entered Into Last January by Their Officers With United Typothetae Unless Materially Amended.

New York, June 22.—The International Association of Printing Pressmen, at its convention Friday, virtually repudiated, by a vote of 102 to 93, the five years' agreement with the United Typothetae of America.

The agreement, which had been entered into January last, and signed by President Higgins and other leading members of the union, affected 19,000 pressmen in book and job offices throughout the United States. The following resolutions were adopted by the convention:

"Whereas, Our board of directors has renewed the agreement with the United Typothetae of America.

"Resolved, That said agreement is hereby ratified and approved, provided the 'open shop' clause is stricken out and an amendment is inserted providing for the nine hours' pay for the eight-hour day.

"Resolved, That in the event the United Typothetae of America rejects those amendments our board of directors are instructed to submit the question of the immediate inauguration of the eight-hour day to the referendum, said referendum vote to be taken thirty days after rejection."

#### MOTION OVERRULED.

Effort of Defense That Jury Be Instructed to Acquit Fails.

Boise, Ida., June 22.—When the state Friday closed its case against William D. Haywood the defense made an unsuccessful attempt to secure from the court an order directing the jury to acquit the prisoner. Judge Wood's ruling, which requires the defense to meet with evidence the case that the state has presented, was made at 5:15 o'clock, and it was then arranged that Haywood's counsel should make their opening statement and present their first testimony on Monday.

When the trial opened Friday morning it was stipulated that the record should show that the date of the draft sent by Haywood to Jack Simpkins late in 1905 was Dec. 21, and after that the prosecution proceeded to show by a hand writing expert that George Pettibone, using the name of "J. Wolff" and "P. Bone," made two remittances of money to Harry Orchard at San Francisco through the Postal Telegraph company in the fall of 1904. The state next called Jim Seahorn, a colored horse trader, who swore that he sold a horse and buggy to Orchard in Denver in 1905, and identified Haywood as one of the men who rode with Orchard. After the defense admitted that in June, 1903, Haywood sent \$75 to Steve Adams at Ogden, and when the necessary showing had been made on the record the prosecution formally rested.

The motion of the defense for a dismissal avers that the only testimony tending to connect Haywood with the crime is that which Orchard gave; that Orchard's testimony is uncorroborated by any evidence which of itself tends to connect Haywood with the crime; that the corroboration is insufficient; that all the testimony is insufficient on which to found a verdict.

#### INSPECTION SYSTEM.

Expected to Effectively Ward Off Back-Door Fever Entry.

New Orleans, June 22.—The marine hospital service, which is in charge of the quarantine against yellow fever, announced the completion of an inspection system which is expected effectively to ward off the danger of the fever's entry "through the back door," the term used to describe infection carried by persons who do not take sick until they have passed out of the state which admitted them, and are consequently no longer suspected.

The Texas state authorities have agreed to co-operate in watching for several days after arrival every person who enters from a fever district. Destinations of incoming passengers who go to another state are immediately telegraphed to that state with a description of the passenger.

#### LIGHTNING'S AWFUL WORK.

Kills Couple of Men and Also Horses They Were Mounted Upon.

Gatesville, Tex., June 22.—John McGee and Riley Shelton and the horses they were riding were killed by lightning three miles southwest of Gatesville Thursday night. They were not found until 12 o'clock Friday.

#### Broncho "Busting" Barred.

Roswell, N. M., June 22.—No more broncho "busing" goes on streets here.

#### Large Bank Deposits.

Guthrie, June 22.—The bank deposits of Oklahoma are over \$13,329,000.

## SOCIAL and Club Matters

The Free Baptist Sunday school picnic was held Friday at Carter's Creek, and attended by a large crowd, who spent a pleasant day and had a fine basket dinner. The crowd assembled at the church and proceeded to the well chosen grounds.

Several couples of young people chaperoned by Mr. and Mrs. Jno. B. Hines enjoyed a watermelon party at the fair grounds Wednesday evening, given complimentary to Miss Calhoun of Houston, and Misses Wynne and Smith of Huntsville.

Mrs. J. Webb Howell was hostess to the Browning Club on Thursday afternoon from 5 to 7, there being a good attendance and fine interest, notably in the discussion of the questions on the lesson poem, "A Forgiveness." The sympathy of a great majority of the ladies was with the feminine character in the poem. A salad course and iced tea was served by the hostess.

The next meeting will be with Mrs. F. M. Law, Mrs. M. B. Willis and Mrs. Mattie D. Willis at the home of Mrs. Law on Thursday afternoon, and the poem for reading and study is "A Light Woman." The only question on the lesson is one involving the trend of sympathy.

A lady whose home is near the business district, and who avers that all her life she has tried to see ghosts, spooks and spirits by divers supposedly infallible processes, tells the Eagle that she has at last been gratified, although not convinced. One night the past week what seemed to be a headless woman, or a woman with her head covered, very tall and wraithlike, took a promenade along the thoroughfare in front of her home and suddenly vanished in thin air! She claims that others have seen the same thing and the proposition has them backed up in a corner and unable to explain.

Mrs. W. S. Howell gave a lawn party at her home yesterday afternoon, complimentary to Miss Ethel Louise Foster of Waco, guest of Miss Helen DeMaret. A congenial party of boys and girls assembled for the occasion and had a merry time with games on the lawn. Strawberry cream and cake were served.

About fifteen couples of the younger set, chaperoned by Mrs. Nannie Rohde and Mrs. T. C. Nunn, joined a party of seven couples from Caldwell in a delightful picnic at Pitt Bridge on the Brazos river Tuesday. No more delightful place could be found for such an outing, and to the usual diversions was added that of boating. A splendid basket dinner was provided.

Tuesday evening fifteen couples of young people spent a pleasant evening at the Fin-Feather Club, the occasion being a dinner complimentary to Miss Calhoun of Houston, guest of Mrs. R. S. Webb, and Misses Wynne and Smith of Huntsville, guests of Mrs. Tyler Haswell. Dancing at the club house and moonlight boating on the lake completed the complement of pleasure.

A dance was given at Elks' Hall Thursday evening complimentary to Misses Wynne and Smith of Huntsville. About twenty-five couples were present, and Mr. R. W. Howell and Miss Smith led the grand march.

Miss Lillian Batte entertained the J. O. Club on Friday afternoon at the home of her parents, Mr. and Mrs. T. R. Batte. A feature of the party decorations were the club initial letters in the club colors, pink and white, suspended from the ceiling. The guests were served with punch upon arrival by Miss Lillian Batte. A jolly time resulted from a ten minutes' word contest, forming as many words of three letters as possible beginning with the initial letters of the club. A burnt wood plaque, made by Miss Lillian Batte, was the prize, and was awarded to Miss Nellie Cole. Miss Willie McDougald was consoled with a blue back spelling book. A "Dwarf Show" was another pleasant diversion, after which cream and cake in the club colors were served.

The next meeting will be with Miss Sara Allen on Friday afternoon.

Mr. and Mrs. T. R. Batte entertained Friday evening complimentary to the members of the Baptist Sunday school choir, there being about sixty persons present. Twenty-two volunteered to attend regularly and work for the success of the choir during the summer months. The evening was spent in practicing Sunday school songs and in social conversation. Refreshments were served.

Picnics have been the order of the week, and the young people have been having a succession of delightful outings, not the least pleasant of which was the drive of ten or twelve couples, chaperoned by Mr. and Mrs. Tyler Haswell, out to Wixon Creek bridge on Friday evening, this being one of the many pretty courtesies extended during the week to Misses Wynne and Smith of Huntsville, and Miss Calhoun of Houston. The party took supper and had a watermelon feast on the bridge.

A moonlight hay ride and picnic at the Fin-Feather Club lake was given Monday night by Mrs. Jno. M. Lawrence complimentary to her niece and guest, Miss Ruth Munson of Angleton, and Miss Frances Williamson of Ft. Worth. About twenty boys and girls were in the party, which was chaperoned by Mr. and Mrs. Lawrence, Mr. and Mrs. Seth Mooring and Mr. and Mrs. Jno. E. Astin. After the moonlight ride the crowd was taken to the Fin-Feather Club lake where games were played and a picnic supper served.

The Just Us Girls Club, recently organized at a called meeting held with Miss Lila Adams, with Miss Helen DeMaret, president and reporter, and Miss Madeline Hanway, secretary and treasurer, met with Miss Ara Haswell on Wednesday afternoon for the first regular meeting, and the little misses never had a more pleasant time in their lives. A contest at making tissue paper flowers tested the taste and dexterity of each one, and as the result Miss Frances Williamson of Ft. Worth, the guest of Miss Alline Rhodes, was awarded the prize, a pretty vase. Sherbet and cake were the refreshments served.

The colors of the new club are royal purple and gold, and the members are as

It is one thing to go about our life work as a sense of stern duty, and another to go about it in a way that shall make both ourselves and everybody about us happy. To be pleasant is a consummation that lies within the power of every one of us. To be great is the achievement of the few. There is nothing sits so gracefully upon a bright woman as gentleness and pleasantness. The greatest intellect the Lord ever struck from out the eternities is devoid of charm without the gift of affability and sweetness of manner.—Caldwell News-Chronicle.

Uncle Mark Wilcox, who was in the city yesterday, had on exhibition at the store of Ed Hall, four stalks of "squaw" corn, with a good ear on each stalk, all grown from one grain. He said the corn was planted on March 21, and it is now matured enough for feed. He also said that it produced that well all over the field, and that on rich land he believes it will make one hundred bushels to the acre. It is principally red in color with large firm grains, and looks like it ought to go a long ways to solving the feed corn problem if planted extensively, and keep lots of money at home in this section of the state.

Under direction of the commissioners' court Deputy County Clerk G. R. Wickler is just completing the task of sending out 2025 postal cards calling on tax payers to appear before the court sitting as a board of equalization on and after July 1, consequently those who have not received invitations need not feel slighted, as they will be forthcoming in due time. The Eagle understands that the attitude of the court is that the present tax rate is not sufficiently high to make the material progress of the county what it should be when material of all kinds has been steadily advancing. As a matter of course, some may be paying all the taxes their property should bear, while on the other hand, it is believed that many are not, especially in view of the figures at which said property is held. In each individual instance the matter remains to be threshed out before the court.

Austin, June 22.—Acting Attorney General Hawkins held, in construing the anti-free pass law, that a railroad attorney, who holds a public office of any kind, will not be permitted to ride on free pass even though he receives an annual salary from the railroad company.

He also held that proceeds of school lands belonging to a county, must be deposited in the county depository, and pending investment, thereof county commissioners cannot legally check out of such fund for the purpose of placing it in some other bank or banks.

They are the Mutual Life of New York, Germania Life and Home Life of New York. This makes eight companies which have advised the commissioner of their intention to leave Texas.

#### Deputy President at New York Makes a Statement.

New York, June 22.—The strike of the Western Union and Postal telegraphers at San Francisco came as a surprise to these companies, following, as it did, so close on the supposed settlement of the differences through United States Commissioner of Labor Charles P. Neill and the subsequent statements by President Clowry of the Western Union and E. J. Nally, general manager of the Postal company. As late as noon Friday Deputy President S. J. Kokenkamp of the Commercial Telegraphers' union gave out that there would be no strike in San Francisco; that evidently President Small had not seen the report of the settlement when he announced that San Francisco operators would quit work. The repudiation of the settlement by President Small, therefore, caused surprise to the union officials in this city, and it was intimated that the national executive board would be called together immediately to consider that official's action. No official word came from President Small except the quoted interview in which he said the strike was local to San Francisco and Oakland.

Mr. Kokenkamp said: "I have in my pocket a document from Mr. Small giving me full authority to act as president in his absence in all matters of official, and I approved the terms of settlement offered by the Western Union. The telegraphers in New York will stand by that settlement. We feel that we no have the support of public sentiment in the course we have taken, and we shall not sacrifice that by repudiating the agreement deliberately and officially made. We appreciate the great assistance given to us by the government through Mr. Neill, and we shall not stultify ourselves."

The officials of neither the Western Union nor the Postal Telegraph companies would make a statement.

#### LEGALLY AUTHORIZED.

#### Deputy President Denies That Small Was to Be Deposed.

New York, June 22.—Deputy President Kokenkamp of the Commercial Telegraphers' union denied an interview in which he was reported as saying that President Small would be deposed because the San Francisco strike was called after the union had reached an agreement with the telegraph companies through the efforts of Labor Commissioner Neill. Mr. Kokenkamp made the following statement: "The reported interview, quoting me as saying President Small would be disciplined by the executive board as the result of the strike at San Francisco, is untrue, nor did any member of the executive board make any such statement. The strike at San Francisco had been legally authorized by the board last Friday before the companies showed a disposition to accede to anything."

#### Two Carloads of Strikebreakers.

Ogden, Utah, June 22.—Two carloads of telegraph operators from Baltimore and Philadelphia in charge of six Pinkerton detectives passed through Ogden on their way to San Francisco. Members of the party said the strike at San Francisco had been anticipated.

Alliance, O., June 22.—Professional and business men and students from this city, numbering about thirty, attacked the "Gift of Tongues" religious camp just outside the city and scattered more than 300 worshippers with acid. The camp is run by Rev. Levi Lupton. Attackers were armed with squirt guns, loaded with sulphuric acid. When they reached the camp Rev. Lupton and many more devout worshippers were kneeling at the "mourners bench." At a signal the acid was thrown over the mourners. Rev. Lupton was so badly burned it was necessary to call a doctor. Arrests have been made.
